

SuperScrape™ Plus Mat

Scraper / Indoor-Outdoor

The SuperScrape Plus mat features a multi-directional molded tread pattern that effectively scrapes tough dirt and grime from shoes. The unique drainable borders help filter water off the mat, making it perfect for outside use as a scraper mat or as a slip-resistant mat in wet areas. Available with or without holes.

- **Superior dirt and moisture control** - surface cleats effectively remove and keep dirt and sand beneath shoe level so it cannot enter your building; drainable borders filter water off the mat
- **Safe** - slip-resistant and certified high-traction by the National Floor Safety Institute
- **Grease/oil resistant**
- **Commercially launderable**
